1. Video chat is becoming popular in Japan

Coronavirus is making meetings very difficult to do. Many people are using video chat applications to be safe and healthy. There are four popular video chat applications people use: Line, Facebook Messenger, Microsoft Teams, and Zoom. Schools, businesses, and colleges must use video chat applications to talk to their friends and coworkers. If you want to see your friends, please try using a video chat application!

Try these applications!

"I love using these applications!"

2. James' Update

Hello, TOKO students! School is now closed, so I cannot teach English lessons. I miss everyone. ☹️

In March, I went to Kamiyone Park in Mimata Town to see the cherry blossoms. They were very beautiful!
