

★ Izumigaoka Fuzoku ★ Junior High School

Difference between Izumigaoka and other school

Misaki Inoue

I'm an Izumigaoka Junior High School student. I'm going to tell you about the differences between my school and other junior high schools.

First, we have many events. For example, karuta game, the road race and Tosensai. Because Izumigaoka has a high school, we can join a lot of events. There are chorus contests and class activities during Tosensai. Also it has a sports tournament. We enjoy it for three days. Karuta games and the road race are fun too.

Second, we have a vending machine and shop. We can buy bread when we eat lunch. And we can buy some juice. Other junior high school students can't buy bread and juice. There are many kinds of bread and juice. And they aren't expensive for us. So many students use the vending machine and shop.

Third, some clubs like the art club, basketball club can do activities with high school students. They can learn something from high school students. And junior high school students can do better. This is a very good point.

Izumigaoka Junior High school is a good school. We enjoy life here. So I like this school.

Let's make a HP for Izumigaoka J.H.S.

Kanon Imamura

I will introduce Izumigaoka Junior High School. There are many good things about Izumigaoka Junior High School.

First, we can have a useful experiences for the future, for example, work experience or university visits. I did a work experience at a pharmacy. I felt like a pharmacist and had a lot of fun. Second, there are many events. My favorite event is the "Tosensai festival". Tosensai has cultural and sports festivals. At the cultural festivals, first grade presents research on natural sciences, the second grade announces their impressions of work experience, and the third grade has an exhibition related to school excursions. There are also the Hyakuninissu tournament and the endurance race. Third, everyone is on good terms. Because there is only one class in one grade, and we see the same members for four years. Everyone is unique and fun. Fourth, we can interact with high school students. I think it is a good thing unique to Izumigaoka junior high school.

We can have a very fulfilling time at this school.

Introduce my school Isumigaoka

Lisa Enokida

Izumigaoka Junior High School has many wonderful experiences. This time I will introduce two of them.

First, Tosensai! Tosensai is a school sports festival in September. This is done over 3 days. On the first day, we will go to MJ hall and have a chorus competition and presentation for each class. They are very fun events. So I'm looking forward to it every year. On the second day, we will show off class productions from each class. It's a lot of fun to see it all day with friends. On the third day, a sports festival is held at the Municipal Athletic field. We perform dances, relays, races, etc. Everyone is practicing so much and everyone is doing their best on this day. These three days have been very good memories for me.

Second, visiting Ishikai hospital and Miyazaki university. Izumigaoka Junior High School can go to these two big hospitals and have a medical experience. This experience is a great experience for thinking about the future.

I think the best thing about Izumigaoka is that you can do things that you can't experience at other schools.

Izumigaoka junior high school

Airi Sonoda

Each of the class has forty students. You are in the same class, so you can know each other very well. The students are from a variety of elementary schools, but you will get along with your classmates! Izumigaoka is six year education at a combined junior and senior high school. So it has a lot of good points. First, all of the students can study senior high school level science and mathematics. Second, when you are in the third grade at junior high school, you study math and chemistry even though they are also taught in high school. Third, you can see high school students studying for the examinations. It is a good stimulus for you.

Also, you can experience many things! You read books every morning and have a kanji test every Thursday. You can learn math and English much better because the class are divided into two based on learning levels. Moreover, you can learn about DNA, volcanoes and the evolution of animals from university teachers. They are really exciting. You have to do scientific experiments by yourself. They are little difficult, but you will be able to do them. And there are many club activities at Izumi Junior High School, for example: basketball, tennis, badminton, science, brass band, art and calligraphy. Many students join the clubs.

Finally, I want to introduce the events to you! "Tosensai" is one of the most popular events at Izumigaoka. We enjoy it with many students! You will go to Miike to stay with your classmates after you enter the school. And you will go on a school trip to Tokyo when you are in the third grade. You can visit Tokyo university, Disneyland, and so on. I hope that you will experience so many things at Izumigaoka!

< Izumigaoka Junior High and High School's events >

Kanako Tsuji

Tosensai is Izumigaoka Junior High and High School's festival. It has three days.

1st day, we go to MJ hall. All students go there, and we perform a lot of things, too. The best class can sing twice. Junior high school students sing 'Furusato' every year. We are split into 9 parts. It is very funny and good. After that, dance club, brass/band and chorus club give performances. They are very interesting. We can enjoy them very much.

2nd day, we enjoy it at our school. High school students make paintings in their classroom. They are very exciting. But the haunted house is very scary, so I have never gone there. I don't like haunted house very much. In the gym, many students perform a lot of things, such as rock band. Those are very fun too. I go there to see them every year.

3rd day, we go to Rikujo kyogijo. It is near the school. 3rd day is sports day. We play many kinds of sports. It is very fun. We have three teams: red team, blue team and white team. All teams fight to win the game. Junior high school student's events are dancing, running and so on. They are very fun.

Izumigaoka Junior High and High School have more interesting events. All of the events are very fun! Let's play them and have an interesting time! Thank you for reading.

Izumigaoka Junior High School student's happy life

Ayane Matsuzaki

April: We enter a new grade. And April has the entrance ceremony in the gym. We can make a lot of new friends.

June and July: We can go to the pool. This pool is hot. But, this pool is not as hot as hot water. And this pool is indoors. So, we don't get sunburned. So, girls are lucky. Every summer is very hot. But Izumigaoka has a lot of air conditioners. These are very cool. This is one of the good things at Izumigaoka Junior High School.

September: We have 'Tosensai'. I think that it's the biggest event at Izumigaoka. 'Tosensai' has 3 days. We do it with high school students. First day, we go to the MJ hall. We enjoy singing and listening to music. We have lunch at the small park. Second day, we enjoy at the school. We go to the high school classrooms. We can experience many interesting things there. We can eat many kinds of foods and drinks. Third day is sports day. We can run and dance. Izumigaoka has red team, white team and blue team. We can enjoy Tosensai for 3 days.

December: We can do 'Hyakuninissyu' with high school students. This is very difficult. But junior high school students are very strong. Many students like 'Hyakuninissyu'.

February: Second grade students have 'Risshishiki'. They are 14 years old. So, they aren't small children. People celebrate them. Second grade students decide on kanji. They say it.

March: Third grade students graduate Izumigaoka Junior High School. Many students enter the Izumigaoka junior high school. We are very sad. But, we celebrate the third grade students.

☆ 2020/04/08 We are starting the first trimester of the second of year of Reiwa. Today is the first day of the first trimester of the second year of Reiwa. Every year, we have the new teacher's ceremony and opening ceremony at the gymnasium at this school. But this year, we had it in the courtyard because of the novel coronavirus infection. Under an expanded blue sky, we could welcome the eighteen new teachers. After that, we had a "junior high school gathering". The student representatives of each grade announced the resolution of the first term, so we could share our hopes and goals of reaching the first term with other students. During the second year of Reiwa, we'll introduce students' successes and develop our website too. You'll be looking forward to it.

☆ 2020/04/09 We finished the entrance ceremony preparations!! Today, we prepared for the entrance ceremony. We arranged the ceremonial site, prepared the textbooks, decorated blackboards and bulletin boards and more. We divided the works with other people. So it is ready to welcome new students. Tomorrow, at eleven forty students will enter the junior high school. The entrance ceremony is going to be scaled down. But we think that it will still be a good memory because our current students will be prepared with their warmest hospitality. We are looking forward to the new student's fresh figures and uniforms tomorrow.

<Izumigaoka J.H.S's popular school events>

Nanami Matsumoto

1 Tosensai

It is held over three days. The first and second days are for the culture department. The third day is for the sports department. First day is held at school. First grade and second grade students present SKT (Shizen Kagaku Tankyu). SKT is to experiment and to consider. We make a slide presentation and present with white coats. Third grade students showcase their school excursion. We always go to Tokyo, so we make Kaminarimon or Disneyland and so on. Also, we can have fun with high school student's prizes. They do haunted houses, movie theaters, and so on. These are very fun. Second day is held at MJ Hall. We sing a song there. In junior high school, everyone sings Furusato and second and third students sing other songs. We can listen to the high school student's songs. They have very beautiful voices. Third day is held at the city stadium. We do some sports, for example: dancing, running, and so on. I like to jump rope. It is very difficult, but we have a sense of accomplishment when we can do it. I like the third day the best.

2 Hyakuninissyu Competition

It is held at the gym. We remember Hyakuninissyu and make pairs. We have to remember a hundred works. It is very hard, but it is very fun. We work together in class. Very popular work is "Chihayaburu kamiyomokikazu tatsutagawa karakurenaini mizukukurutowa" It is the title of a movie. So everyone knows this work.
