

I think Izumigaoka has two nice activities.

First is "Shizen Kagaku Tankyu" (SKT). SKT improves students' research and presentation skills. Students study about their own topics on weekends and holidays. And they must make a report on the topic using Microsoft Word. After holidays, they make a presentation on their topic. They make plenty of slides about reports. They make it on the PC. Students always use Microsoft Power Point. Finally, students present their research with slides.

Second is "Mojiryoku test." We must get 10 points on it. If students lose points, they must do Uragaki. But, if students get 10 points during 1 year, they can get a prize. Students study hard to get a perfect score in the morning. It is held on Thursday. All the students look tense. But, most students get perfect points. We must get a perfect score every Thursday!

There are many exciting school events at Izumi !

April : There is a "FITS" for first - year students of junior high school with second - year students. "FITS" is the Fresh Izumigaoka Training System. We go around the school. It's very nice!!

May : There is a "Teikisen". "Teikisen" is a baseball game between Izumigaoka and Nishi. We cheer for Izumigaoka. The game is very heat. Izumigaoka won the game this year. I was happy.♥

September : There is a "Tosensai" that lasts three days. "Tosensai" is Izumigaoka's school festival and sports day. First day, we go to MJ hall and sing some songs. Second day, we enjoy class projects. It's very interesting!! Final day, we enjoy some sports. It's very lively.↗↗

November : There is a "Hyakunin isshu contest". "Hyakunin isshu" is a kind of card game. Remembering the Hyakunin isshu card is difficult, but very fantastic!

Izumigaoka is a wonderful school.♥♥

Let's enjoy Izumi life!!

Thank you for reading.

“Izumigaoka”. It's my junior high school. It's very interesting! I have two reasons. First, Izumi has very nice teachers. Their classes are interesting and easy to understand. For example in science, we do a lot of experiments. We learn new things. When I was in elementary school, I didn't like science. But, now, I like science very much! Next, Izumi has fun events. Some events are with Izumigaoka high school students. High school students are kind and have leadership skills. For example, they organize “Tosensai”. It's a very big event. First day, we go MJ hall. We sing songs, watch movie and so on. Second day, we have a class exhibition. It is very fun! Third day is sports day. We run and dance. We cooperate, so we get along. There really are more reasons. Izumi's school life is very fun and interesting! I'd love to come to Izumigaoka junior high school if I were you!

Introduction of IzumigaokaIsogawa Azusa

I am an Izumigaoka Junior High school student. I go to this school every day. Life there is fun! There are forty students in a class. They are very smart, kind, and funny.

I will spend four years with them, so we will have a very strong bond. By the way, there are many fun events at Izumigaoka. My favorite event is the "Hyakunin-issu Tournament". Hyakunin-issu is difficult and hard to remember, but it is a lot of fun. So I love Hyakunin-issu. There are also other events, such as "Tosensai" and school trips and so on. Izumigaoka has many attractions. Let's have a good time together at Izumigaoka!

There are good points at IZUMI ! Here they are.

In the garden, there are a lot of plants. Colorful flowers, big plants, and so on.

Zealous students are studying hard in many classes. We had a mid-term test in May. The average score on the math exam was 98 points! Wow!

Unbelievably unique drinks! They are in the shop. I like "Gogo tea", And, I can take a break there.

Music room is large! Maybe there are seven pianos in the music room. I sometimes play the piano there.

I am glad to come here!

Let's study together!
